like Laguna Honda to return
to being a rest home for
little old ladies.”***

“Ignore both men’s propaganda! I know there is a severe shortage of safe, skilled nursing beds for elderly and disabled San Franciscans. That’s why I fully support Proposition D.”

Naomi Gray, Former Health Commissioner and current Laguna Honda resident

SAFE HAVEN FOR SENIORS

"After 23 years of respectful care, I was evicted from my home ward to make room for younger patients.

I was evicted from my home ward to make room for younger patients. This has made me very sad.

This has made me very sad. Yes on D means respect for older women."

Maura Frias
Senior Artist and
Laguna Honda Resident

"We support Measure D because it adopts a policy of **zero tolerance for abuse** and restores Laguna Honda as a place where low-income older women and disabled people can be provided safe, high quality, long term nursing care."

National Organization of Women, SF Chapter

"The silent crisis of our era is the increasing number of elderly San Franciscans unable to live independently in the community and unable to afford the help they require. Prop D will ensure that older women have access to the help they need when they can no longer take care of themselves."

Sister Miriam Walsh, Pastoral Care Director LHH 1981-2006

“Laguna Honda has been my home for 15 years. There has never been so much angry cursing, drug use and disorder here. Older, disabled women need a safe home.

Please help keep Laguna Honda safe, vote YES for Prop D.”

Pat Sancinito
Laguna Honda Resident

“I served Laguna Honda for 20 years as a volunteer until I had a stroke. If my family can no longer take care of me, I hope Laguna Honda will accept and help me. Keep Laguna Honda available to older women, vote for Prop D.”

Rosario Lopez
Laguna Honda Volunteer

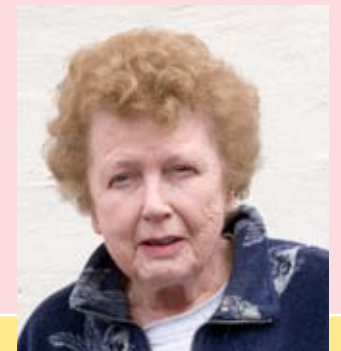

“Elderly and Disabled members of the LGBT community have a refuge at Laguna Honda. Prop D will prevent the displacement and isolation of low-income Lesbian, Bisexual and Transgender women from the diverse community of San Francisco.”

Rene Thomas, M.D.
Laguna Honda Psychiatrist (1992-2005)

“Remember when we voted in 1999 to rebuild LHH ...for frail elderly, younger physically disabled, AIDS, and Alzheimer’s patients needing twenty-four hour care? Were any of these voter mandates respected? No! Please vote Yes on D!”

Virginia Leishman, RN, Laguna Honda Director of Nursing 1953-1997

“I was a doctor at Laguna Honda for 15 years. I witnessed the changes and the violence first hand. Help us restore Laguna Honda as a sanctuary for disabled and seniors—our mothers and grandmothers or ourselves in our time of need. Vote YES on D.”

Terry Palmer, M.D. Laguna Honda Geriatrician, 1989-2004
with her mother Berenice Palmer

“It is the right of old people when they have worked hard all their lives, and, through no fault of theirs, have not been able to provide for their old age, to be cared for in the last years of their life.”

Eleanor Roosevelt, Humanitarian, Diplomat and First Lady
